Award Winner

Kaye Grant is the winner of the Women Business Owners of Manitoba, Women Entrepreneur of the Year Award 2012 for Home Enterprise.

Kaye Grant, owner of Reconnaissance Management Consulting Group Inc. has been providing businesses and non-profit organizations with expert advice and assistance in a variety of management capacities for over 18 years.

Economic constraints and a lean workforce mean that it isn't always possible for businesses and organizations to have all the necessary management capabilities in their existing staff. Reconnaissance works with client team members to help them acquire knowledge, enhance their skills and develop their capacity. Rather than telling clients what to do, they become part of the team, showing them how to achieve results and guiding them to their full potential.

"Being a woman business owner brings with it a unique set of challenges and it takes a true entrepreneurial spirit to embrace those challenges, managing risk and ultimately reaping the rewards," said Lucy Camara, president of the Women Business Owners of Manitoba, which organized the event. "The Woman Entrepreneur of the Year gala is our opportunity to recognize and celebrate these successful women."
